American-Made Quality Meets State-of-the-Art Design

2021

**American Made**
All chairs, lights, delivery systems and supporting equipment are engineered and manufactured under our own roof in Hillsboro, Oregon.

**Customizable**
Our products are designed to complement any office design, space constraints, functional requirements and price point.

**World-Class Service**
We give you access to a team of technicians and the manufacturing team itself for fast, efficient service and peace of mind.
EARN ITS LIVING
DOUBLES
AS A DENTAL CHAIR.
AS A PATIENT PLEASER.
For the Past 50 Years,

Engle has built its reputation on quality, ingenuity, and integrity. With industry-leading engineering and customer service that dentists rely on, Engle products are American-made, designed and manufactured in Hillsboro, Oregon.

Engle Dental is the only company that makes the fully programmable, 10.25” forward/backward hydraulic Traverse Chair™. The traverse feature allows dentists to position themselves behind the patient comfortably without sacrificing space. Since the seat moves forward as the back of the chair reclines, dentists can stay put and let the patient come to them. The Traverse Chair™ keeps the patient’s head/oral cavity in the same vertical plane in the operatory (front to back) regardless of the chair position.

Engineered for ergonomic efficiency, the Engle Traverse Chair™ allows for unparalleled dental team access and comfort. With an anatomically correct back pivot point and synchronized back and toe board recline, the Traverse Chair™ has undergone extensive comfort testing to provide maximum comfort in procedures lasting 45 minutes or more.

With options like heat and massage, lumbar support, a double articulating headrest, and Ultraleather® upholstery, dentists can focus on patient care knowing that Engle has created a level of comfort that helps patients relax.

SHIPPING ADDRESS
7205 NE Evergreen Pkwy, Suite 100
Hillsboro, OR 97124

SHIPPING INFORMATION
The authorized dealer is responsible for providing a correct shipping address and details for delivery. Products are shipped F.O.B. Hillsboro, Oregon, USA. All items should be inspected upon receipt. Any shipping damage must be filed by the receiver with the carrier.

RETURN POLICY
No products will be accepted for return without prior manufacturer authorization via RMA number. RMA can be generated from Engle’s technical support team. RMA number must be marked on the outside of boxes being returned, otherwise they will be refused and returned. All returned goods are subject to a 20% restocking fee. Returned goods must be received within 30 days of RMA number. All shipping charges for return of products are the sole responsibility of the dealer.

CANCELLATION POLICY
Changes or cancellations must be received by Engle Dental within 72 hours after order acknowledgment is received. Any changes or cancellation beyond that time period will be subject to additional charges or delays to order. Contact Engle Customer Service for additional questions to specific orders. For products with custom colors, including but not limited to, dental chair upholstery, stools, dental furniture, and table tops, no return will be accepted and no credits will be available. Equipment and Parts are sold exclusively through authorized Engle Dealers. Only authorized Engle dealers are permitted to sell, service Engle Equipment and Parts. Contact Engle Customer Service for a list of Authorized Equipment Dealers.

WARRANTY
All Products except stools, sold to and installed by authorized Engle Dental Systems dealers are guaranteed against defects in materials and workmanship for a period of five (5) years after date of purchase. Stools are guaranteed against defects in materials and workmanship for a period of two (2) years after date of purchase. Upholstery is guaranteed for one (1) year after date of purchase. Handpiece illumination systems are guaranteed for six (6) months after date of purchase. This warranty does not cover light bulbs of any kind. Faulty parts as determined by dealer service representative, will be repaired or replaced; no claim for labor or consequential damages will be allowed. Invoices for replacement parts may be subject to adjustment after the manufacturer has inspected the alleged defective parts. The warranty does not cover normal wear, stains, cuts, or scratches of upholstery surface finishes, or parts sold to O.E.M. customers. This warranty does not cover damage resulting from the use of cleaning, disinfecting, or sterilization chemicals and processes. The warranty does not cover damage from improper installation or maintenance, accident, misuse, or accidents in shipping and handling. In the event of shipping damage, the purchaser must initiate all claims against the freight carrier in writing within twenty-four (24) hours after the damaged items are received. The claim is the responsibility of the customer.
Ordering Information

ORDERING INFORMATION
When ordering, please include the following information: Engle is sold exclusively through authorized Engle Dealers.
To find an authorized Engle equipment dealer, call 1-800-547-1906 or email info@engledental.com

- Model and/or Part Number
- Description/Color
- Quantity
- Date Required
- Purchase Order Number
- Shipping Instructions

All prices quoted herein are in US dollars and are subject to change without notice.
All prices listed in this catalog are suggested retail prices.

CUSTOMS
When ordering, you are considered the importer of record and must comply with all laws and regulations of the country in which you are receiving the goods. Contact your local customs office for further information, as customs policies vary from country to country.

RETURNED GOODS
- Before returning the product, call Customer Service for a Return Authorization Number.
Please have the following information when you call:
  - Customer number
  - Part numbers and quantities for all return items
  - The corresponding invoice or order number
- Carefully package all return items to prevent shipping damage.
- Write the Return Authorization Number on the outside of the package and reference the number on any accompanying items.
- Customized products and upholstery returns will not be accepted.
- 20% Restocking Fee

TERMS
Net 30 days on approved accounts; Visa, Mastercard or American Express can be used until credit is approved.

WARNING
Only authorized dealers should attempt to service.
Use of other than authorized dealers will void the warranty
Engle is the only company that makes the "fully programmable 10.25" forward/backward hydraulic Traverse Chair™. The traverse feature allows dentists to position themselves behind the patient comfortably without sacrificing space. Since the seat moves forward as the back of the chair reclines, you can stay put and let the patient come to you.

- Flexible for any size operatory
- Enhanced patient comfort for long procedures
- Ergonomically suited for any height of doctor/assistant
- Ideally designed to combine with rear delivery for 12 o'clock dentistry
**DOCTOR’S & ASSISTANT’S WITH WORK SURFACE**

Whether you’re remodeling an operatory or building a new office, choosing the right equipment can be tricky. There are dozens of factors to consider such as how much space is available; where is the best location for instruments, lighting, and monitors; and whether you practice left-, right-, or four-handed dentistry. Plus, there’s the consideration of how the setup affects patient comfort, treatment time, workflow, and the overall team experience.

No matter what space and conditions your practice has to work with, Engle Dental Systems can provide customized, quality operatory equipment that meets your unique needs. For the past 50 years, Engle has developed dental chairs, delivery units, and other equipment with a focus on state-of-the-art quality and ergonomics. All equipment is designed and manufactured at its Hillsboro, OR, headquarters, and quality control is handled in-house.

**Optimize the Operatory**
Remodeling or designing a new room begins with the dental chair. Engle’s fully programmable, 10” forward/backward Traverse Chair allows clinicians to position themselves behind the patient comfortably without sacrificing space. Built with advanced hydraulic controls, the seat moves forward as the back of the chair reclines so dentists can let the chair position itself. “The chair’s ability to traverse was huge for our practice,” said hygienist and DPS evaluator Debbie Alo, who found the Traverse Chair to be an ideal solution for her small hygiene room.

In addition to the dentist’s choice of color, fabric, and upholstery pattern, the Standard and Traverse chair models feature lumbar support, a double articulating headrest, and other features to help patients relax. To complement the chair, Engle carries four operatory LED light types and a wide variety of delivery units and systems, with options for side delivery, wall-mounted, and carts. Engle customers also receive access to a world-class team of technicians and manufacturers for fast and efficient problem-solving.
PLUG INTO THE FUTURE

Digital sensor holder on the control head
Two USB ports pre-fitted on the control head
Monitor mounts pre-wired with HDMI cables
Headphone jack for patient entertainment
